

# PRESS RELEASE

## **Governor Celestino Gallares Memorial Medical Center to host PhilSys Registration and Information Dissemination Campaign from 29 to 30 November 2024**

**Date of Release:** 26 November 2024

**Reference No.:** 2024-PR12-022

The Philippine Statistics Authority (PSA), in collaboration with the Governor Celestino Gallares Memorial Medical Center (GCGMMC), is pleased to announce the conduct of the PhilSys Registration and Information Dissemination Campaign from 29-30 November 2024. This initiative aims to bring the benefits of the Philippine Identification System (PhilSys) closer to the people, enhancing access to government services and ensuring a more secure and reliable national ID system.

The campaign will offer the following services:

- **PhilSys Registration:** Open to all individuals 0-month-old and above, enabling Filipinos to register for the national ID system. The registration process will involve capturing biometric data, including fingerprints, iris scans, and facial images.
- **ePhilID Issuance:** Applicants who successfully register will be issued an ePhilID. The ePhilID serves as a valid identification while waiting for the physical PhilID, offering convenience and security for daily transactions.

The PhilSys Registration and Information Dissemination Campaign will take place at the Hallway on the 5th Floor of the Governor Celestino Gallares Memorial Medical Center. Interested individuals are encouraged to visit the site and avail of the services provided during the scheduled dates.
