

# PRESS RELEASE

**Get Your Digital National ID Now!**

**Date of Release: 18 June 2024**

**Reference No.: 2024-PR46-012**

As more and more Filipinos are receiving their PhilIDs and printable e-PhilIDs, the Philippine Statistics Authority (PSA) launched last 10 June 2024 the Digital National ID. This is a new variant of the National ID which can be accessed online and stored in the registrant's mobile device. With the Digital National ID, transactions in public offices and private institutions are simplified which promotes seamless delivery of services and enhances ease of doing business.

All Filipinos registered to the National ID System can generate their Digital National ID through the National ID website <http://national-id.gov.ph> or via the **eGov PH** application. While waiting for the delivery of the plastic National ID cards, registrants may now secure their Digital National ID and use it to all transactions as proof of identity and age.

To check the authenticity of the Digital National ID, all relying parties may access the website <http://everify.gov.ph/check> and scan the QR code in the Digital National ID. This website functions similarly with PhilSys Check.
