

29,000

NUMBER OF LIVE BIRTHS IN REGION VII IN THE 1ST QUARTER OF 2018

9% of the
total live births in the
Philippines

Gender distribution of live
births in Region 7

52% Male

48% Female

Live Birth

a complete expulsion or extraction from its mother of a product of conception, irrespective of the duration of the pregnancy, which after such separation, breathes or shows any other evidence of life, such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached; each product of such a birth is considered liveborn.

Sex Ratio

110  **100** 

MEANING, there are 110 males for every 100 females of live births
